JOB OPPORTUNITY

DRAFTSMAN

SUPERVISOR: Engineering Operations Manager

HOURS: This is a full-time position – Monday through Friday. Some overtime may be necessary.

JOB DESCRIPTION:

To provide customer information needed for the application, installation, operation, and maintenance of SVC products. Assist in the design and modification of existing products to meet the special needs of the customers. To provide technical engineering support in the form of drawings, specifications and instructions as needed by production for the manufacture of standard and custom products. Assist in the design, fabrication, and maintenance of production tooling and equipment as requested. To provide product support in the form of indirect product line management, full size drawings, product line updates, and completion of engineering change orders. Other duties as assigned by engineering, supervisors and management.

EXPERIENCE:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

1a. EDUCATION and/or EXPERIENCE.

Associates or Bachelors degree in engineering related field with 2 years experience preferred.

AutoCAD with certificate or Associates degree in engineering related field with Auto CAD training.

1b. LANGUAGE SKILLS.

Good verbal communication skills. Ability to write routine reports and correspondence. Ability to

communicate effectively before groups of customers or employees of an organization. Ability to read and

interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals.

1c. REASONING ABILITY.

Good problem solving ability. Ability to apply common sense understanding to carry out

instructions furnished in written, oral, or diagram form. Ability to deal with problems involving several concrete variables in standardized situations. Ability to interact with people and ability to complete assigned tasks with limited supervision.
