JOB OPPORTUNITY

Inside Sales Engineer

Reports to: VP of Inside Sales

JOB DESCRIPTION:

This POSITION requires: excellent written, verbal and computer skills; mechanical background and sales experience preferred; limited travel; and college degree in a technical field or equivalent work experience in related industry.

The Inside Sales Engineer promotes sales of SVC products by recommending the proper equipment and quoting of SVC products. Responds to customer and manufacturing rep requests for quotes, orders, and service of Vortex equipment as appropriate. Enter customer quotes, orders, and other customer information into enterprise resource planning system (Syteline). Identify new product lines and sales opportunities. Provide quality customer service in all client interactions.

QUALIFICATIONS:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- **EDUCATION and/or EXPERIENCE.**
Bachelor's degree from a four-year college or university, or one to two years related experience and/or training; or equivalent combination of education. Preferably in mechanical engineering related field, or material handling.
- **LANGUAGE SKILLS.**
Ability to read and interpret general business periodicals, professional journals, technical procedures, or Governmental regulations. Ability to write reports, business correspondence, and procedure manuals. Ability to effectively present information and respond to questions from groups of managers, clients, customers, and the general public.
- **REASONING ABILITY.**
Ability to solve practical problems and deal with a variety of variables in situations where only limited standardization exists. Ability to interpret a variety of instructions furnished in written, oral, diagram, or schedule form.
- **OTHER QUALIFICATIONS.**
Travel is required with this position which means that this individual must have valid Kansas driver's license free of violations. Must be capable of operating a 40 foot straight line truck (MDU-Mobile Display Unit) and or van and trailer. Must meet DOT physical requirements by passing DOT physical given by company doctor. Must be able to work at elevated heights exceeding 120 feet in exposed areas. Climbing to an 80 ft. plus height to get to top of silo is required.
